II.	Audit Qualification (each audit qualification separately):					
	<p>a. Details of Audit Qualification: As discussed in Note 15 to the revised standalone annual financial results, pursuant to a whistleblower complaint received, an investigation was conducted which brought out certain deficiencies in the Radio business and instances of reporting higher revenue, incorrect debtors, contractual liabilities and trade payables with consequential impact on provision for doubtful debts and taxes etc. relating to a significant stream of revenue of the radio business in the Company. Further, as brought out by the investigation, such practices were continuing since last few years. As mentioned in the note, the Company has identified an amount of INR 1,115 lakhs, which pertains to deficiencies in revenue recognised for financial years 2017-18 and 2018-19 in the Radio business. After adjusting the increase in other expenses and the deferred tax credit, the total decrease in the opening retained earnings is INR 956 lakhs. The Company has accounted for such adjustment in the retained earnings as at April 1, 2019 instead of restating the corresponding figures for the year ended March 31, 2019. This constitutes a departure from the applicable Ind AS prescribed under section 133 of the Act, thereby resulting in the non-adjustment in the amounts reported for corresponding year ended March 31, 2019 with respect to revenue from operations, expenses and taxes as well as trade receivables and other items of the balance sheet. However, this does not have any impact on the loss for the year ended March 31, 2020 or on total equity as at March 31, 2020.</p>					
	b. Type of Audit Qualification : <i>Qualified Opinion</i>					
	c. Frequency of qualification: <i>Appeared first time</i>					
	<p>d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: <i>Management's Views: The Company has taken cognizance of the certain anomalies alleged by the whistleblower, which have been affirmed by the investigation conducted by a reputed law firm who in turn also appointed leading accounting firms. The anomalies affirmed are restricted to the pure money transaction segment of radio business of the Company.</i></p> <p><i>Accordingly, to reflect true and fair view of the Company's financials, the financial statements for the year ended 2019-20 have been revised. In respect of anomalies pertaining to periods on or before March 31, 2019, financial impact has been assessed and adjusted against the retained earnings as on April 1, 2019 on ground of materiality instead of restating comparative period.</i></p>					
	e. For Audit Qualification(s) where the impact is not quantified by the auditor: <i>Not Applicable</i>					
	(i) Management's estimation on the impact of audit qualification: <i>Not Applicable</i>					
	(ii) If management is unable to estimate the impact, reasons for the same: <i>Not Applicable</i>					
	(iii) Auditors' Comments on (i) or (ii) above: <i>Not Applicable</i>
